

Post-doctoral position available, CCN, The University of Pennsylvania

Applications are being accepted for a post-doctoral position to work on the neural basis of spatial cognition and figurative language. Post-doctoral fellows conduct functional neuroimaging and/or patient-based research and will be involved in activities of the Center for Cognitive Neuroscience. Opportunities to conduct eye-tracking, TMS and TDCS studies are available. Please send a statement of interest, CV and 2 letters of reference to: Anjan Chatterjee (anjan@mail.med.upenn.edu).
