

SENIOR RESEARCH ASSOCIATE - FOUNDATIONS OF DEICTIC COMMUNICATION AND SPATIAL MEMORY

£31,656 to £37,768 per annum

The School of Psychology is seeking to appoint a Senior Research Associate to work on a research project examining the relationship between language and memory for object location using multiple methods (fMRI/TMS).

The post holder will work closely with, and alongside DCOMM ("Decitic Communication - an interdisciplinary Marie Skłodowska Curie training network" coordinated by Prof Coventry).

You must hold a PhD or equivalent qualification, in cognitive neuroscience/cognitive psychology, or be nearing completion of PhD with submission within 4 months of commencement in post and award within 8 months of submission. You must be able to satisfy all the essential criteria in the person specification for this post.

The post is available on a full-time, fixed term basis from 1 October 2016, or as soon as possible thereafter, until 31 October 2018 (for 25 months).

Closing date: 12pm on 26th August 2016

Further particulars and an application form are available on our website: www.uea.ac.uk/hr/jobs/ or Tel. 01603 593493.

Closing date: 12 noon on 26 August 2016.

The University is a Bronze Athena Swan Award holder, currently working towards Silver.
